

**Note on Return of Devices or Used Spare Parts:**

**Please send the completed Form of Declaration of Contamination of Devices and Components together with the completed Return Form to enable us to reduce the processing time.**

**Declaration of Contamination of Devices/Spare Parts/Components**

IMPORTANT: This Declaration of Contamination, accurately and completely filled in, must accompany all devices and components sent to us for repair or maintenance.

**Otherwise, work would be delayed.**

This Declaration may be filled in and signed by authorised skilled personnel only.

Check as appropriate

| 1. Data of equipment / component: |  | 2. Reason for sending: |             |
|-----------------------------------|--|------------------------|-------------|
| Type:                             |  | Claims                 | Return      |
| Serial No.                        |  | Conversion/Repair      | Checkout    |
| P. O. No.                         |  | Wrong delivery         | Replacement |
| Other information:                |  | Miscellaneous          |             |

| 3. Harmful contamination of the Product as incurred in service   |                          |   |
|--|--------------------------|---|
| toxic<br>caustic   | explosive<br>radioactive | microbiological<br>other harmful substances |
| <b>!</b> If contaminated in use, the device / component must be properly decontaminated by the user prior to dispatch. Exceptions subject to prior written approval. |                          |   |

| 4. Type of harmful substances or process-induced hazardous reaction products with which the device / component was in contact: |  |              |  |           |
|--|--|--------------|--|-----------|
| CAS No.<br>Trade name, Product name  | Chemical designation<br>(formula if any) | Hazard class | Action to be taken upon liberation of harmful substances | First Aid |
|  |  |              |  |           |
|  |  |              |  |           |
|  |  |              |  |           |
| PPE required for   | hands                                    | eyes         | respiration  | body      |
| The items may be safely cleaned in a water of steam cleaning unit  |  |              |  | no yes    |
| Parts to be scrapped may be safely disposed off  |  |              |  | no yes    |
| The device / component was properly decontaminated   |  |              |  | no yes    |
| Safety data sheets shall be enclosed.  |  |              |  |           |

**Decontamination action taken by the user:****5. Statement**

I/We hereby declare that the information given in this Declaration is accurate and complete. The product is dispatched while complying with relevant statutory provisions.
